DEWALT®

STORAGE RANGE

GUARANTEED TOUGH.®

STORAGE SYSTEMS

AS A PROFESSIONAL, YOU CERTAINLY DON'T WANT TO WASTE ANY TIME.

When your tools are neatly stored, you can work faster. Our customisable storage systems and extensive range of soft storage options, offer robust and durable solutions to protect your tools and keep them safe in your workshop and on site.

TSTAK™

This extensive range of boxes, drawer modules, tool bags and organisers can be used separately, or connect them together to keep everything in one place. For added flexibility, use the Dewalt adaptor plate to connect your TSTAK™ modules with TOUGHSYTEM® storage.

TOUGHSYSTEM® 2.0

With a wide choice of boxes, chests, tool bags and organisers you can build the ideal kit to suit your needs. Start from scratch or interconnect with your existing TOUGHSYSTEM® 1.0 or TSTAK™ storage for added versatility.

SOFT STORAGE

Designed to be lightweight and robust, DEWALT tool bags and tool belts include handy features to help keep accessories and hand tools organised and close to hand.

TSTAK™

TOUGHSYSTEM®

VERSATILE

Ideal storage for power tools, handtools, accessories and fixings.

CONNECTABLE

The two storage systems are interconnectable thanks to an adapter plate.

MODULAR DESIGN

Each component in the system combines perfectly with the next for maximum versatility.

CUSTOMISABLE

Configure your parts and accessories storage to the way you need it.

PORTABLE

Add a trolley option to the system for easy transportation of your kit.

TSTAK

TSTAK™ RANGE

EASY TO FIT AND QUICK TO COMBINE

Equipped with sturdy connection system - Side clips with metal hinges to link modules together

IP54*: Protection against dust, harmful deposits and water from any angle

Connector system with metal pin

Durable metal latches

Customisable name panel insert for easy identification of contents, allowing equipment to be located quickly

SINGLE DEEP DRAWER

TSTAK™

The single deep drawer has removable covered cups for organisation of small parts and accessories. It also features ball-bearing slides reliable for heavy-duty loads. This features bi-material carry handle for comfort. Extras: removable cups for small parts and accessories (2 big and 2 small cups).	
Product Code	DWST1-70705
External dimensions W×D×H	431x321x172 mm
Internal dimensions W×D×H	345×254×98 mm
Volume	9 L
Product weight	3.680 kg
IP rating	none

2 SHALLOW DRAWERS

TSTAK™

The double shallow drawers has removable covered cups for organisation of small parts and accessories. It also features ball-bearing slides reliable for heavy-duty loads. This features bi-material carry handle for comfort.	
Product Code	DWST1-70706
External dimensions W×D×H	431x321x172 mm
Internal dimensions W×D×H	347×254×45 mm (per drawer)
Volume	7.8 L
Product weight	4.230 kg
IP rating	none

SHALLOW BOX WITH ORGANISER ON TOP

TSTAK™

Organiser: top - for easy access to fixings and small tools. Front and top carry handles - so the box can be carried in both orientations.	
Product Code	DWST83344-1
External dimensions W×D×H	442x332x183 mm
Internal dimensions W×D×H	422x270x92 mm
Volume	11 L
Carry capacity	30 kg
Product weight	2.634 kg
IP rating	none
Extras	Customisable foam insert to keep powertools safe during transportation.

SHALLOW BOX

TSTAK™

This toolbox is a shallow capacity. The toolbox features 2 handles frint and top - so the box can be carried in both orienatations.	
Product Code	DWST83345-1
External dimensions W×D×H	442×333×162 mm
Internal dimensions W×D×H	422x270x92 mm
Volume	11 L
Carry capacity	30 kg
Product weight	2.039 kg
IP rating	54
Extras	Customisable foam insert to keep powertools safe during transportation

SHALLOW BOX NO FOAM

TSTAK™

This toolbox is a shallow capacity. The toolbox features 2 handles frint and top - so the box can be carried in both orienatations.	
Product Code	DWST83454-1
External dimensions W×D×H	442x333x162 mm
Internal dimensions W×D×H	422x270x92 mm
Volume	11 l
Carry capacity	30 kg
Product weight	1.80 kg
IP rating	54

DEEP BOX WITH ORGANISER ON TOP

TSTAK™

This toolbox has a deep capacity. Organiser: top - for easy access to fixings and small tools. Long aluminium top carry handle - for the ultimate durability.	
Product Code	DWST83343-1
External dimensions W×D×H	442x347x326 mm
Internal dimensions W×D×H	422x270x234 mm
Volume	30 L
Carry capacity	30 kg
Product weight	3.232 kg
Extras	Half size internal tote tray - for easy access to key hand tools, fixings and power tool accessories.

DEEP BOX

TSTAK™

This toolbox is a deep capacity. Long aluminium top carry handle - for the ultimate durability.	
Product Code	DWST83346-1
External dimensions W×D×H	442x332x303 mm
Internal dimensions W×D×H	422x270x233 mm
Volume	28 L
Carry capacity	30 kg
Product weight	2.623 kg
Extras	Half size internal tote tray - for easy access to key hand tools, fixings and power tool accessories

HARD TOTE

TSTAK™

Large space to store power tools and cables. Robust design made of high-quality polypropylene plastic. Wide, sturdy handles with dual functionality - for carrying or sliding onto trolley brackets or workshop racking.	
Product Code	DWST1-71228
External dimensions W×D×H	440x320x273 mm
Internal dimensions W×D×H	365x290x265 mm
Volume	27 L
Carry capacity	10 kg
Product weight	1.971 kg
IP rating	none

ORGANISER

TSTAK™

Heavy duty ergonomic handle: for easy and comfortable carrying. Anti-rust metal latches: for durability and long product life allowing the end user to see contents easily while maintaining product strength. 2 x large, 6 x medium and 2 x long compartments.	
Product Code	DWST82968-1
External dimensions W×D×H	440x335x122 mm
Internal dimensions W×D×H	420x280x85 mm
Volume	7.8 L
Carry capacity	20 kg
Product weight	2.357 kg
IP rating	54

TWIN PACK DEEP ORGANISERS

TSTAK™

10 removable cups per organiser.
This organiser will help keep your small parts and fixings separated. Metal latches for long life and security. Integrated textured carry handle.

Product Code	DWST60981-1
External dimensions W×D×H	446 x 356 x 116 mm
Product weight	4.200 kg
IP rating	54

TWIN PACK DEEP & SHALLOW ORGANIZER

TSTAK™

Up to two organisers can be connected thanks to its side closures.
Contains 10 removable cups.
Stackable drawers for organising and storing small parts and accessories.
Virtually unbreakable lid provides clear, unobstructed visibility of organiser contents.
Metal closures for greater durability.
With textured handle for added comfort.

Product Code	DWST83479-1
Product weight	3.700 kg

COMBO KIT

TSTAK™

Front and top carry handles - so the box can be carried in both orientations.
Removable dividers for the drawers to allow a customised storage solution based on individual needs.
This tower is made of the following bundle: Shallow box with internal customisable foam (DWST83345-1) and shallow 2 drawers with removable dividers (DWST1-70706).

Product Code	DWST83395-1
External dimensions W×D×H	442x350x672
Volume	21.6 l
Product weight	6.230 kg
IP rating	54

DEEP BOX & ORGANISER

TSTAK™

Two cases that provides protection as well as easy transport of tools and accessories.
Long aluminium top carry handle for ultimate durability.
This tower is made of the following bundle: Deep box (DWST83343-1) Organiser (DWST82968-1).

Product Code	DWST83535-1
External dimensions W×D×H	451x345x457 mm
Carry capacity	50 kg (combined)
Product weight	6.220 kg
IP rating	54

MOBILE BOX

TSTAK™

Telescopic handle – for easy transportation of heavy tools. It also conveniently slides back into the toolbox body for easy storage.
7” durable wheels - allowing heavy tools to be transported easily across longer distances.

Product Code	DWST83347-1
External dimensions W×D×H	523x433x630 mm
Internal dimensions W×D×H	430x290x313 mm
Volume	55 L
Carry capacity	50 kg (30 kg as box)
Product weight	5.031 kg
IP rating	54
Extras	Half size internal tote tray - for easy access to key hand tools, fixings and power tool accessories.

JOB CHEST

TSTAK™

Large volume tool storage: store your power tools and hand tools.
Useful workstation : TSTAK™ boxes can be stacked on lid side by side, facing both directions, to create a convenient workstation and provide maximum accessibility and safety.

EASY TRANSPORT

SLIDE YOUR MODULES ONTO THE TROLLEY. EACH MODULE CAN BE ACCESSED SEPARATELY. OR STACK ADDITIONAL MODULES ON THE ROLLING BASE WITH STORAGE BOX

6-PIECE TOWER

TOUGHSYSTEM® 2.0

This tower is made of the following bundle:
Mid box (DWST83294-1)
Compact tool box (DWST08034-1)
2 drawers module DWST83529-1)

Product Code	DWST60480-1
External dimensions W×D×H	560x404x1011 mm
Carry capacity	113 kg (combined)
Product weight	21.55 kg

4-PIECE TOWER

TOUGHSYSTEM® 2.0

This is made of the following bundle:
Trolley (1-70-324)
Deep box (DWST83342-1)
Mid box (DWST83294-1)
Shallow box (DWST83293-1)

Product Code	DWST83401-1
External dimensions W×D×H	700x620x1113 mm
Carry capacity	120 kg (combined)
Product weight	33.77 kg

4-PIECE TOWER

TOUGHSYSTEM® 2.0

This is made of the following bundle:
2 x half width organiser
(DWST83392-1)
1 x 2 drawers module (DWST83529-1)
1 x mobile box (DWST83295-1)

Product Code	DWST60442-9
External dimensions W×D×H	630x520x760 mm
Carry capacity	113 kg (combined)

TROLLEY

TOUGHSYSTEM® 2.0

Height-adjustable brackets for custom combinations.
Sturdy metal frame.
Large (8”) durable rubber wheels, ideal for rough jobsite conditions.
Supplied with 3×2 brackets.
Available separately: 1-70-362 set of 2 brackets.

Product Code	1-70-324
External dimensions W×D×H	685×514×1,134 mm
Carry capacity	120 kg (flat)/80 kg (on stairs)
Product weight	18.96 kg

MOBILE BOX

TOUGHSYSTEM® 2.0

Compatible with smaller half-width TOUGHSYSTEM® modules (sold separately).
Wide, sturdy handle - more ergonomic and stronger.

ORGANISED WORKSHOP

KEEP YOUR TOUGHSYSTEM® MODULES NEATLY ORGANISED IN YOUR WORKSHOP

WALL MOUNTING 48” METAL RAIL

The 48in metal rail is the centerpiece of the DEWALT® Workshop Storage System. It is constructed of heavy-duty steel for durability. It includes two end-cap joiners that provide a finished look and the ability to seamlessly connect multiple rails horizontally. It includes eight wood/drywall fasteners to attach the cleat to a wall.

Product Code	DWST82800-1
Carry capacity	180 kg
Product weight	1.792 kg

SHORT HOOK

The short standard hook can be mounted directly to the metal rail. It is perfect for storing lawn equipment, sledge hammers, step stools and lawn chairs. It is constructed of heavy-duty steel and is coated with a non-slip material that helps prevent scratches and corrosion. The patented latching system secures the hook to the rail.

Product Code	DWST82805-1
Carry capacity	22.6 kg
Product weight	0.283 kg

PLASTIC BIN 2-PACK

The plastic bins can be mounted directly to the metal rail without tools or hardware.
They are perfect for storing small parts like nuts, bolts and screws and have a large front opening for easy access.
They are constructed of heavy-duty composite plastic, designed to be strong and durable.

Product Code	DWST82813-1
Carry capacity	4.53 kg / bin
Product weight	0.594 kg

POWER TOOL HOLSTER

Can store most pistol-grip style DEWALT® 18V MAX* or 12V MAX* power tool models (x1 tool only).
The patented latching system secures the holster to the rail.

Product Code	DWST82823-1
Carry capacity	4.53 kg
Product weight	0.453 kg

8-PIECE HOOK SET

The 8pc hand tool hook set can be mounted directly to the metal rail. It includes three different hook types to help store a variety of different hand tools and accessories. They are constructed of heavy-duty composite plastic to support a wide variety of hand tools and accessories.

Product Code	DWST82816-0
Carry capacity	2.26 kg/ hook
Product weight	0.254 kg

BATTERY HOLDER 2-PACK

The Battery Holder 2-Pack with a mounted cleat design allows you to store a single DEWALT 12V, 18V, or FLEXVOLT battery, keeping your batteries organised and easily accessible.

Product Code	DWST82820-0
Carry capacity	2.26 kg
Product weight	0.254 kg
